

Petty Pool: Early Morning Draw (trial)

Members wishing to arrive in the car park at Petty Pool at 04.30 hrs. are reminded that spending any part of the night in the car park at Rookery Pool is a breach of Association rules.

Rule 12: ... *no camping or sleeping in cars is permitted in Association car parks.*

In order to create a level playing field amongst members wishing to arrive early at Petty Pool, and to negate any need to arrive in the area before 04.30 hrs. a draw system will come into force with immediate effect.

This system will initially operate on a trial basis:

- 1) Members must not arrive at the car park before 04.30 hrs.
- 2) If more than two members arrive on any given morning, a draw system will be used to decide upon the allocation of pegs, unless mutually agreed otherwise.
- 3) The draw will take place at 04.45 hrs. Members will place their membership cards into a hat and the first member to draw will have the first choice of peg, the second member to draw will have the next choice, and so on.

Members are reminded that this system will only work if it receives the support and co-operation of all concerned.

If necessary the Management Committee will consider other options which may place greater restrictions upon the activities of members fishing this water.
